**Subject:** Examples of Saving-Beautifying the Historic Value of a Building 2.  
**Date:** Monday, September 18, 2017 3:35:07 PM

---

Attached are pictures of 2218 1st Ave. front facade and pictures of the building without the facade. This is just a hard plastic facade covering the 1920 brick building. Underneath is the original building. This building should be restored and made part of the project at 2218 1st Avenue in keeping with what is already present in the neighborhood. Thank you.

Joe Corsi
